AP5355/8C	2400mm	Chrome
AP5355/4W	1200mm	White
AP5355/6W	1800mm	White
AP5355/8W	2400mm	White

**SLOTTED TUBING - SLOT 1 FACE - 40MM PITCH**

- 30 x 30mm steel tube with 13mm wide slots.
- Stocked in Chrome finish or in raw steel for fabrication or may be powdercoated to any colour specified.

Part No.	Height	Finish	CTN Qty
AP6547CH	2400mm	Chrome	6
AP6551CH	3000mm	Chrome	6
AP6551RAW	3000mm	Raw	6
AP6551/PC	3000mm	Powdercoat to specification	6

**SLOTTED TUBING - SLOT 2 FACE - 40MM PITCH**

- 30 x 30mm steel tube with 13mm wide slots.
- Stocked in Chrome finish or in raw steel for fabrication or may be powdercoated to any colour specified.

Part No.	Height	Finish	CTN Qty
AP6552CH	3000mm	Chrome	6
AP6552RAW	3000mm	Raw	6
AP6552PC	3000mm	Powdercoat to specification	6

**LEVELLING FOOT**

- For use with slotted tubing when using wall-mounted brackets.
- Transfers much of the weight of the post to the floor.

Part No.	Length	CTN Qty
AP40000	Zinc	200

**WALL - MOUNTING SPACER**

- Heavy-duty 2 piece chrome bracket eliminates the need for the aluminium wall channel.
- Mount the round flange onto the wall and screw the plate onto back of slotted tubing.
- Fasten together by tightening grub screws.

Part No.	Length	CTN Qty
AP9230C	Chrome	100
AP9230B	Black	100

**FLOOR - CEILING FIXING KIT**

- Allows for mounting of posts in central displays, display windows, etc...
- Includes upper flange with sliding insert fitting and bottom levelling flange for floor fixing.

Part No.	Finish
AP9232B	Black
AP9232W	White

MOBILE 'H' SHAPE GONDOLA - 40MM PITCH

- Superb in its simplicity, this slotted frame unit can be fully merchandised around all 4 sides.
- Centre frame with middle upright allowing for universal merchandising using 600mm accessories.

(Shown with optional castors)

Part No.	Overall Dimensions	Finish
AP6555C	1290mm(L) x 630mm(W) x 1300mm(H)	Chrome

RUBBER WHEELS FOR GONDOLA

- Heavy duty 75mm rubber swivel casters.
- 3/8 Thread

Part No.	Finish
AP5047PL	Plain
AP5047BR	Braking

'H' RACK INFILL PANELS

- Now the basic 'H' Rack frame can be simply converted into a fully functional free-standing unit that will match your store interior.
- Individual end panels are purchased separately so that you can install them in all 4 zones, just in the centre, or on the ends. (The item pictured has 4 x infill panels).
- Individual panels are provided in 18mm thick pre-finished board and are simply screwed into pre-drilled holes in the rack using the screws provided.
- Available in the ADP standard colour range or any other board colour, as specified.

(Shown with optional infill panels x4 off)

Part No.	Overall Dimensions	Finish
AP6557C0L	548mm(W) x 1253mm(H) x 18mm thick	As specified

CONCEALED ALUMINIUM WALL STRIPPING

- The ALIAS system provides some exciting opportunities for free-standing or wall-mounted merchandising. Based on a system of concealed, slotted aluminium wall strips, we can provide you with a complete system with infill panels in plain melamine finish or PLANKWALL panels for additional merchandising flexibility.
- Aluminium strips can be rebated

SINGLE - SLOT CENTRE

- Designed for ease of installation – no rebating of panels required. Includes fixing channels for countersunk screws.
- Provides panel spacing from wall to allow for aluminium split battens (see page 9)
- 40mm Pitch.

Part No.	Length	Finish
AP6500/40	2400mm	Mill Finish

SINGLE - SLOT END

- 40mm Pitch

Part No.	Length	Finish
AP6501/40	2400mm	Mill Finish

DOUBLE - SLOT CENTRE

- Allows for side by side placement of brackets.
- 40mm Pitch.

Part No.	Length	Finish
AP6502/40	2400mm	Mill Finish

TILE – INTERCHANGEABLE PANEL SYSTEM

- This TILE System takes change to a new level with its ability to allow individual panels to be lifted out and swapped around without having to remove all in a vertical area.
- Designed to work perfectly with our concealed slotted stripping which provide the matching vertical join.
- Ideal in retail display, boardrooms, reception & presentation areas, the TILE System allows you to change with changing needs and trends.
- Panels can be manufactured in any panel material 16 – 18mm thick. A top & bottom aluminium strip is machined into the panel to allow it to hang onto the horizontal wall-mounting rails. There is no edge banding required as all edges are concealed.

TILE - TOP PROFILE

- Fits into rebated slots in top of board

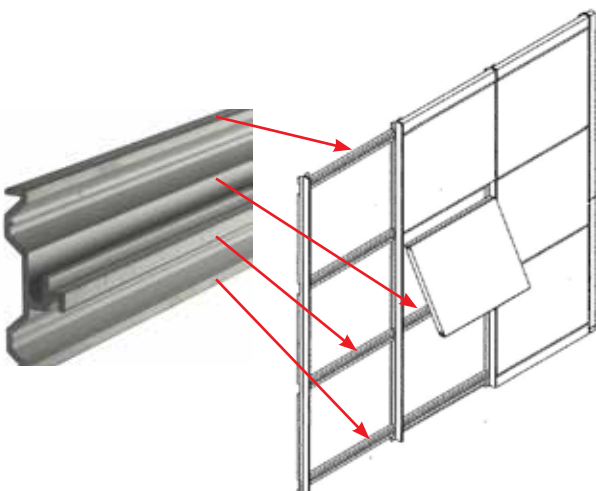

Part No.	Length	Finish
AP6516	4800mm	Mill Finish

TILE - BOTTOM PROFILE

- Fits into rebated slots in bottom of board

Part No.	Length	Finish
AP6517	4800mm	Mill Finish

TILE - WALL MOUNT RAIL PROFILE

- Mounts onto wall to hold interchangeable panels.

Part No.	Length	Finish
AP6515	4800mm	Mill Finish

**ALUMINIUM SPLIT BATTEN**

- This heavy-duty split rail is a very solid extrusion that allows for installation of full-size panels.
- Pre-drilled holes at 300mm centres for easy attachment to wall or back of panel.
- Designed to complement the concealed stripping profiles, this section perfectly matched the thickness of the fixing channel.

Part No.	Length	Finish
AP6503/5M	2500mm	Mill Finish

**STRAIGHT SHELF BRACKETS - 2-LUG**

- 40mm Pitch.

Part No.	Length	Finish
AP5359C	200mm	Chrome
AP5359W	200mm	White
AP5360C	250mm	Chrome
AP5360W	250mm	White
AP5361C	300mm	Chrome
AP5361W	300mm	White

**STRAIGHT SHELF BRACKETS - 3-LUG**

- 40mm Pitch.

Part No.	Length	Finish
AP5362C	350mm	Chrome
AP5362W	350mm	White
AP5363C	400mm	Chrome
AP5363W	400mm	White
AP5364C	450mm	Chrome
AP5364W	450mm	White
AP5365C	500mm	Chrome
AP5365W	500mm	White

**SHELF BRACKET CLIP & GROMMET**

- Clear plastic clip for attaching shelf with grey rubber grommet inserted.
- May be used with glass or melamine shelf

Part No.	Finish	CTN Qty
AP808	Clear	1000

**ADJUSTABLE SHELF BRACKET**

- Adjustable from 15 Deg up, 15 Deg, 30 Deg, 45 Deg down.
- 40mm Pitch.

Part No.	Length	Finish	CTN Qty
AP5370	250mm	Chrome	50
AP5371	300mm	Chrome	50
AP5372	350mm	Chrome	50

**FRONT END STOP**

- 50mm long overall to retain sloping shelves.

Part No.	Finish	CTN Qty
AP817	Chrome	200

**GLASS SHELF BRACKET**

- Beautiful slimline bracket fastens onto glass shelf with grab screws underneath for a secure fixing.
- Suits 6-8mm glass shelves.

Part No.	Finish	CTN Qty
AP6232	Chrome	50

**SCREW-ON 'L' SHAPED SHELF BRACKETS**

- Screws onto the sides of an 18 – 25mm thick shelf. Countersunk screws provided.
- 40mm Pitch.
- Sold in pairs.

Part No.	Length	Finish	CTN Qty
AP6561	300mm	Chrome	25 Pairs
AP6563	400mm	Chrome	25 Pairs

**'L' SHAPED SHELF BRACKETS WITH LIP**

- Use with suction cups (below) for glass shelves or screw underneath for timber shelves
- 40mm Pitch.
- Sold in pairs.

Part No.	Length	Finish	CTN Qty
AP6581	300mm	Chrome	25 Pairs
AP6583	400mm	Chrome	25 Pairs

**SUCTION CUP**

- Transparent suction cup used with lipped brackets (above). Prevents glass shelves from sliding.

Part No.	Finish	CTN Qty
AP5767	Clear	1000

**SCREW-ON ADJUSTABLE ANGLE SHELF BRACKET**

- 40mm Pitch
- Sold in pairs.

Part No.	Length	Finish	CTN Qty
AP6581	300mm	Chrome	25 Pairs
AP6583	400mm	Chrome	25 Pairs

**CENTRAL SHELF BRACKET**

- For use with slotted tubing in window display etc.
- 40mm Pitch.

Part No.	Length	Finish	CTN Qty
AP6568	300mm	Chrome	25 Pairs

GLASS SHELVES

- 6mm thick toughened shelves with polished edges and front 2 corners with 10mm radius

Part No.	Size	Thickness
AP4170	600mm(W) x 250mm(D)	6mm
